Your Eyewitness Confidence (based on Att. Quiz 14)

22: Confident (for many reasons)27: Not-confident (for many reasons)5: Unclear

Your Eyewitness Abilities

- Based on the "strange event" in class
 - See spreadsheet for details and discussion
 - Word analysis of "notes" (event descriptions)
 analyzed using the Levenshtein Distance, a measure
 of the editorial similarity of two passages
 - here, the Levenshtein Ratio is computed, the distance divided by the length of the longer of the two passages.
 - 0.0 means no differences
 - 0.5 means about half the text is in common
 - 1.0 means no similarities
