

Professional Learning Agreement
for
SMU Master Physics Teacher Certificate
Mechanics Module (Modelling Workshop), Summer 2015

Classes for this module will run 9 am - 4pm, Mon - Fri, June 8-26, 2015. There are no tuition fees.

The class size is capped at 20. Participants must attend punctually and regularly the classes at SMU. Participants will be assessed on their journal of lab work and meaningful participation in the workshop classes.

A certificate of PD and \$500 training stipend will be awarded upon satisfactory completion of the module. This workshop is endorsed by the American Modeling Teachers Association (AMTA). All local participants will become members of SMU's network of DFW physics teachers, which we keep connected by offering occasional special lectures and activities.

To secure your place on this module, please complete your details below and return this form together with a check for the materials fee of \$100 to SMU Physics Department, PO Box 750175, Dallas, TX 75275-0175. This fee will cover all materials for the course (textbook, AMTA licensed content, lab supplies, etc.) and is non-refundable once paid.
