Homework #1

Computational Physics: Fall 2023
Professor Coan & Olness

Due Wednesday 23 August 11:59pm in Canvas upload

1) Watch the 3 tutorial videos on Canvas, and follow along using your HPC account. Demonstrate that you have run the programs by taking a screen shot, inserting this into a document (Word, or otherwise), export to PDF, and upload a SINGLE PDF file with the 3 screen shots.
I want screen shots showing
1. that you can execute "add2"
2. that you can execute "ddd add3" and
3. ~~you can execute "add 4" inside Eclipse.~~
