1. *Stochastic Quantization*
   R. Damgaard and H. Huffel
   World Scientific, 1988, $106
   9971502542

2. *The Quark Structure of Matter*
   M. Jacob
   World Scientific, 1992, $74
   9810209622

3. *An Introduction to the Physics of Particle Accelerators*
   M. Conte
   World Scientific, 1991, $79
   981020812X

4. *Classical Mathematical Physics, 3rd ed.*
   W. Thirring
   Springer Verlag, 1997, $78
   0387948430

5. *Quantum Mathematical Physics*
   W. Thirring
   Springer Verlag, 2002, $80
   3540430784

6. *Current Aspects of Neutrino Physics*
   D. Caldwell
   Springer Verlag, 2001, $80
   3-540-41002-3

7. *The Structure of the Nucleon*
   A. Thomas and W. Weise
   Vch Verlagsgesellschaft Mbh, 2001, $90
   3527402977

8. *Finite Temperature Field Theory*
   A. Das
   World Scientific, 1997, $53
   9810228562

9. *Wavelets in Physics*
   ed J. C. van den Berg
   Cambridge, 1999, $95
   0521-59311-5

10. *Electron Scattering for Nuclear and Nucleon Structure*
    J. Walecka
    Cambridge, 2001, $90
    0521780438

11. *Introduction to Quantum Field Theory*
    S.J. Chang
    World Scientific, 1990, $83
    9971506270

12. *Introduction to Supersymmetry and Supergravity*
    P. West
    World Scientific, 1990, $67
    9810200986

13. *Flavor Physics for the Millennium: TASI 2000*
    J. Rosner, ed
    World Scientific, 2001, $198
    9810245629

14. *Strings, Branes, and Gravity: TASI 99*
    J. Harvey, S. Kachru and E. Silverstein, eds.
    World Scientific, 2001, $134
    9810247745

15. *Supersymmetry: Structure and Phenomena*
    N. Polonsky
    Springer Verlag, 2001, $40
    3540424423

16. *C++ Primer, 3rd ed.*
    S. Lippman and J. Lajoie
    Addison-Wesley, 1998, $50
    0201824701

General Science: Texts and references for courses

1. *Mathematical Methods in the Physical Sciences, 2nd Edition*
    M. Boas
    Wiley, 1983, $135
    0471044091

2. *Galaxies and Cosmology, 2ed*
    F. Combes
    Springer-Verlag, 2002, $64
    3540419276

3. *Fundamental Astronomy, 3ed*
    Karttunen
    Springer-Verlag, 1996, $70
    3540609369

4. *The New Cosmos, 5ed*
   Unsold and Baschek
   Springer-Verlag, 2001, $50
   3540678778

5. *Customized Complete Statistical Physics*
   F. Reif
   Berkeley Physics Course
   McGraw Hill College Div, 1998, $88
   0070386625

6. *Problems and Solutions on Solid State Theory, Relativity and Misc. Topics*
   Y. Lim
   World Scientific, 1994, $99
   9810218923

7. *Classical Mechanics, 3rd ed.*
   H. Goldstein
   Prentice Hall, 2002, $105
   0201657023

8. *Musical Sound*
   M. Moravcsik
   Plenum 2002, $55
   0306467100

9. *Three Roads to Quantum Gravity*
   L. Smolin
   Basic Books, 2001, $24
