Guidelines for the Mid-term Examination (Feb. 25 during class period)

- You are allowed to bring the following with you to the exam:
  - a calculator (up to and including graphing models)
  - a two-sided, 8.5 x 11 inch sheet of paper containing any concepts or formulas you deem appropriate to the exam
  - pens or pencils

Anything not on the list above is excluded from the exam, including laptops and mobile phones.

You will be provided:

- Scratch paper
- A copy of the exam

NOTE: the same guidelines that apply for homework will apply for the answers you hand in for the exam. Please review those guidelines. The quality of your exam results is expected to be as high as the quality of your homework results.

The exam will potentially cover any material from the following chapters/sections of Harris:

- Chapters 1, 2.1-2.7, 3.1-3.6, and 4.1-4.5

This exam will count as 25% of your overall class grade.
